

## Clockwise Edward Albert Dock

Clockwise Edward has so much to offer this year! We have workstations for large, SME & start-up businesses throughout 11 different floors within the entire building.

We offer virtual and in person tours of our space for clients, I will meet with them to give the prospective tenant an idea of what we may be able to offer them here in Liverpool.

Please see our current availability. I will now continue to update this monthly and share;
